STAY ON MARKED ROUTES

Biking is permitted only on the routes marked in pink on this map. Please walk bikes on paths indicated with a dashed line. Loose gravel, vehicles, trams, and pedestrians are present around the site.

SHARE THE ROAD

Please give pedestrians and other bikers plenty of space on roads and paths—alert them when approaching or passing. Trams use the entire site, please use caution when approaching or passing.

USE BIKE RACKS WHEN POSSIBLE

Racks are provided so that you may safely visit sculptures in the vicinity. If you're visiting a sculpture area without a bike rack, please leave your bike well off the roadway.
